

Trauma Informed Care: Developing Resilience through Education & Mindfulness

Developing an understanding of the growing body of research in the area of Trauma and Trauma Informed Care is essential in working with students in today's educational environment. Through this presentation participants will gain an understanding of what *Trauma* is, what causes it, and what can be done to prevent it and/or reverse its effects through an understanding of what *Trauma Informed Care* is. Participants will learn the importance of self-care and resilience and leave with some practical and easily applicable tools to use at home, at school, or at work.

About the presenter: Andy Campbell is the Principal of Summit Ridge Academy in the Lee's Summit R-7 School District. He has spent 20 years in education as a Special Education Teacher and Secondary School Administrator. His school implemented the Trauma Informed Care model and has seen amazing results for our students since that time.
